*Report Data Collection

This data was collected from April through November 2020 and represents an 84% response/knowledge rate of the College's 195 graduates who completed their bachelor's degree in August 2019, December 2019, or May 2020.

While the majority of graduates chose employment, continuing education was a very popular choice as in past years. Note that the percentage of graduates seeking employment is slightly higher compared to the previous year and this class was impacted by the Coronavirus pandemic.
