# APPE Schedule

## 2023-2024

APPEs follow the calendar month, typically starting with the first ***business*** day and ending with the last ***business*** day. It is possible that some sites may require students to start or end on a weekend day, based on the preceptor's own schedule. The dates shown below are the all-inclusive dates and are based on the calendar day, not the first/last business days. The days & hours reported are based on business days only (Monday-Friday) and should, therefore, represent the minimum number of hours the student is expected to be on rotation.
