STUDENT CODE OF RESPONSIBILITY

I. GENERAL PRINCIPLES

A. Purpose

Presbyterian College is proud of its strong community of students, faculty, staff, administration, alumni, and friends of the College. As vital members of Presbyterian College's community, students are expected to balance their autonomy with regard for other members of the community, and responsibility and respect for the policies and procedures of the College. These policies and procedures are intended to preserve community and foster civility and an environment conducive to the educational mission of the College.

As responsible members of this community, students must familiarize themselves with and abide by the tenets of the Honor Code, the Code of Responsibility, the Sexual Misconduct Policy, and the policies and procedures of the College. Honor, which is the foundation of Presbyterian College culture, should inform student conduct at all times.

Presbyterian College's mission is to develop the student mentally, physically, morally, and spiritually. To support this mission, each student must adhere to the policies and procedures governing conduct, or they may be subject to sanctions, including separation from the College and its community. Even where sanctions are appropriate to help maintain community and civility, it remains part of the College's goal to educate individual students and to help them grow concerning their responsibilities as members of a community.

B. Responsibilities and Authority

1. The **President** of Presbyterian College is responsible to the Board of Trustees for the overall operation of the College. As the chief executive, the President is vested with the authority to take independent disciplinary action or to set aside, to overrule, or to modify the penalty imposed by a College conduct body when in the President's judgment such action is required by the best interests of the College.
2. The **Dean of Students** is responsible to the President for the overall development and supervision of student life including the administration and enforcement of student judicial policies. As the chief student affairs officer of the College, the Dean of Students is vested with the authority to take independent disciplinary action or to set aside, to overrule, or to modify the penalty imposed by a College conduct body when in the Dean of Students' judgment such action is required by the best interests of the College.
3. The **Senior Director of Residence Life** is responsible to the Dean of Students for directing and implementing student judicial processes. As the chief conduct officer, the Senior Director of Residence Life has the authority to impose interim sanctions upon students and/or student organizations pending the outcome of a conduct hearing, when the Senior Director of Residence Life determines such sanctions are in the best interests of the College.

The Senior Director of Residence Life appoints and trains other members of the Student Affairs staff to serve as Conduct Officers to assist in the implementation of the student conduct processes. Additionally, the Senior Director of Residence Life interviews, selects, and trains students, faculty, and staff to serve as members of the Student Conduct Boards to hear cases of alleged violations and implement sanctions as outlined in Section IV of the Student Code of Responsibility.

4. The **Vice President for Justice, Equity, Diversity, and Inclusion (JEDI) and Title IX Coordinator** is responsible for coordinating the College's compliance with Title IX, which prohibits sexual discrimination at the College. This responsibility includes overseeing the handling of all complaints of sexual discrimination and identifying and addressing any patterns or systemic problems of this nature that come to the attention of the College. If the Title IX Coordinator determines that alleged conduct has Title IX implications (for instance, it involves sexual harassment, sexual discrimination, or sexual assault), the Title IX Coordinator has the authority to divert the matter to the College's separate

Sexual Misconduct Hearing Process to ensure compliance with Title IX regulations. That process is set forth in the College's Sexual Misconduct Policy, which can be found from the "About" menu on the PC website by clicking on JEDI, then scrolling to the JEDI Resources section. Suspected Title IX violations may be reported directly to the Vice President for JEDI and Title IX Coordinator

5. The **Student Conduct Committee** is a group of faculty, staff, and students who develop training for Student Conduct panel members, propose education programs for new students, faculty and staff, review and recommend changes to the Garnet Book annually, and evaluate alignment of past precedent and current expectations for sanctioning purposes.

C. Jurisdiction

Students are expected to uphold the values expressed in the Honor Code, the Code of Responsibility, and the Sexual Misconduct Policy whether on or off College premises. Students and student organizations may be sanctioned for behavior that occurs on College premises, as part of a College-sponsored or College-run event, or for other off-College premises conduct if, in the judgment of the Dean of Students, the alleged conduct adversely impacts the College's interests, the College community, or its members, or the College's culture of honor and responsibility.

Proceedings for violations of this Code may be instituted with respect to conduct which may also constitute a violation of law, or which may be subject to civil suit. College proceedings will not normally be delayed pending any civil or criminal trial concerning the same conduct, although the Senior Director of Residence Life may determine in exceptional circumstances that such a delay is appropriate. Determinations made or sanctions imposed under this Code will not be subject to change because of the outcome of any civil or criminal proceeding.

Proceedings for violations of this Code may go forward even if the student referred for the violation has withdrawn from the College, if in the judgment of the Senior Director of Residence Life there are good reasons (including but not limited to determination of the accused student's ability to apply to return) to complete the process.

D. Amendments

The Dean of Students has the authority to amend the Code of Responsibility. The Dean of Students will normally review and update the Code of Responsibility as needed prior to the beginning of each academic year. However, amendments may be made at any time, and the College community will be expressly notified of any amendments made during a given academic year.

E. Student Conduct Records

Student conduct records are maintained by the Residence Life Office and are generally treated as confidential. The individual student identified in the record, College conduct officers, and officials necessary to implement or supervise sanctions have access to the file, subject to the terms of the Federal Education Rights and Privacy Act (FERPA). A student may authorize the College to reveal the contents of the file which concern that student to other College departments, employers, schools, and others. Access to the student's file would also be required when subpoenaed by a court or federal agency, as otherwise required by law, or allowed under FERPA. Student conduct files are generally maintained for seven years following a student's graduation. Conduct records involving a student who has been suspended or expelled may be kept on file indefinitely

II. STUDENT REGULATIONS

Any student, student group, or student organization found to have committed, to have attempted to commit, to have encouraged others to commit, or to have aided others in committing, any of the following acts is subject to the disciplinary sanctions set forth in Section IV of this Code.

THE GARNET BOOK

3. Purchasing or procuring alcoholic beverages for, or selling or providing alcoholic beverages to, a person under the legal age limit (currently 21 years of age).

5. Being publicly intoxicated.
6. Possessing alcohol in or consuming alcohol from common containers on College premises: including but not limited to kegs, pony kegs, party balls, coolers, or other containers meant to serve multiple people.
7. Consuming in competition or using alcoholic beverages as a prize or penalty in a contest, drawing, or lottery.
8. Possessing or consuming alcohol in any residential room where no student assigned to the room is of legal age to possess alcohol.

Violating any element of Presbyterian College's Residence Life Policies in appropriate section of The Garnet Book or in the Residence Life Housing Contract

C. Computer and Technology Misuse

Violating any element of Presbyterian College's Information Technology Acceptable Use Policy set forth on the College's Information Technology website.

D. Damage to Property/Vandalism

1. Damaging or defacing property belonging to the College or to a member of the College community, or which is present on College premises, or at a function or event authorized or sponsored by the College. This prohibition extends to both intentional conduct and to reckless conduct (that is, conduct undertaken with substantial disregard for its likely consequences).
2. Littering inside College facilities or on College premises.

E. Discrimination and Harassment

1. Discriminating or engaging in harassment with respect to any individual member or collective membership of a group of the College community on the basis of legally protected characteristics, including race, national origin, religion, creed, ancestry, citizenship, age, gender, sexual orientation, physical or mental disability, genetic information, or past or present service in the military.
2. Engaging in harassment with respect to any member of the College community. "Harassment" means

THE GARNET BOOK

unwelcome conduct that is severe and/or pervasive enough to interfere with the ability of the target to work, learn, live in the community, perform assigned functions, or otherwise participate normally in the College's programs and life. Additionally, harassment may include the promoting, boasting, or flaunting of symbols, messages, or markers of personal identity in a way that intimidates or demeans members of a legally protected group or community.

Notes regarding discrimination and harassment:

Presbyterian College is committed to maintaining an atmosphere free from invidious discrimination on the basis of protected characteristics, and of harassment of members of the College community. Any student (or other member of the community) who believes he or she is the victim of discrimination or harassment, or has witnessed discrimination or harassment, is encouraged to report the conduct to the Vice President for Justice, Equity, Diversity, and Inclusion (JEDI) and Title IX Coordinator, the Dean of Students, or the Senior Director of Residence Life. This includes harassment and/or discrimination by any member of the community, including staff and faculty, and is not limited to conduct by students. Retaliation against any person making such a report in good faith is prohibited.

A single incident or even a few incidents may not necessarily rise to the level of pervasiveness required to constitute harassment, but even a single severe incident can constitute harassment.

If sufficiently severe or pervasive, the following types of conduct can constitute harassment: lascivious or insulting jokes, degrading comments or gestures, inappropriate touching, or display or transmission of offensive images. This list is illustrative only; other conduct may also constitute harassment.

The prohibition on harassment is designed to protect students from discrimination, not to regulate the content of speech. The offensiveness of a particular expression as perceived by some members of the College community, standing alone, is not sufficient to constitute harassment.

The foregoing definitions and comments apply to sexual discrimination, sexual harassment, and sexual violence (collectively, "Sexual Misconduct"). However, because of its concern for the issue and in compliance with federal law, Presbyterian College has additional policies and procedures concerning Sexual Misconduct, which are set forth in the College's Sexual Misconduct Policy. Any incidents which may constitute Sexual Misconduct can and should be reported to the Vice President for Justice, Equity, Diversity, and Inclusion (JEDI) and Title IX Coordinator. They may also be reported to the Dean of Students, or the Senior Director of Residence Life pursuant to this Code, who will inform the Vice President for JEDI and Title IX Coordinator

F. Disorderly Conduct and Disruption of College Activities

1. Exhibiting conduct which is disorderly, lewd, indecent, or a breach of peace on College premises or at a function or event authorized or sponsored by the College, or in a manner directed toward a member of the College community. Conduct prohibited by this provision includes, but is not limited to, making an audio or video recording, photograph, or transmission of a person without that person's consent, and where such recording, photograph, or transmission is likely to cause injury or distress (as, for example, in a restroom, dressing room, locker facility, or where the person is not fully clothed).
2. Creating hazardous conditions including, but not limited to, actions such as dropping, throwing, or causing objects to fall from windows, doors, ledges, balconies, or roofs.

3. Exhibiting intentional or reckless conduct that threatens or endangers the health, safety, or well-being of any person.

M. Hazing

1. Participating in, acquiescing in, or condoning hazing. Hazing is defined for purposes of this provision as any conduct or act which results in or could reasonably be expected to result in fear, intimidation, physical exhaustion, mental or physical discomfort or anxieties, degradation, public humiliation, or destruction or removal of public or private property, for the purpose of or in connection to initiation, admission into, affiliation with, or membership in a group, organization, or club.
2. Violating South Carolina's statutory prohibition on hazing (S.C. Code Ann. 16-3-510, -520) whereas hazing is defined as "the wrongful striking, laying open hand upon, threatening with violence, or offering to do bodily harm by a superior student to a subordinate student with intent to punish or injure the subordinate student, or other unauthorized treatment by the superior student of a subordinate student of a tyrannical, abusive, shameful, insulting, or humiliating nature."

Note: The express or implied consent of the victim of hazing shall not be a defense.

N. Improper Use of ID and Falsification of Records

1. Possessing or using any forged, altered, or falsified identification card or document, including attempting to present the legitimate identification document of another person as one's own.
2. Providing one's own College ID card to another individual for any purpose.
3. Possessing or using the College ID card belonging to another student; College ID cards are non-transferable.

P. Retaliation

Taking any action intended to harm, humiliate, ostracize, or otherwise retaliate against any person for his or her role in reporting, serving as a witness concerning, or adjudicating any alleged violation of this Code, the Honor Code, any law, or any other College rule or regulation.

Q. Sexual Misconduct

Sexual Misconduct is addressed in the College's Sexual Misconduct Policy, which can be found from the "About" menu on the PC website by clicking on JEDI, then scrolling to the JEDI Resources section. Sexual Misconduct means any unwelcome conduct of a sexual nature, including any conduct or act of a sexual nature perpetrated against an individual without consent. Sexual Misconduct includes but is not limited to (i) Sexual Harassment, (ii) Sexual Exploitation, and (iii) Sexual Intimidation, as those terms are defined in the Sexual Harassment Policy.

Sexual Harassment means conduct on the basis of sex which satisfies one or more of the following: (1) an employee of the College conditioning the provision of an aid, benefit, or service of the College on an individual's participation in unwelcome sexual conduct; (2) Unwelcome conduct which would be deemed by a Reasonable Person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the College's education program or activity (including conduct which constitutes Sexual Exploitation or Sexual Intimidation if such conduct reaches this level); or (3) Sexual Assault, Dating Violence, Domestic Violence, or Stalking, as those terms defined in the Sexual Misconduct Policy.

Notes on Sexual Misconduct:

The general prohibitions in the Code, including those prohibiting (and defining) discrimination, harassment, stalking, and harm to persons, apply to conduct of a sexual nature or which is motivated by sex or gender. However, because of the College's concern for sexual misconduct in all forms, and because of the application of federal law, specifically Title IX of the Education Amendments of 1972, the College has a separate express prohibition of such sexual misconduct, and separate procedures for the handling of any disciplinary proceeding which involves an allegation of sexual misconduct. Those procedures are set forth in the College's Sexual Misconduct Policy.

The College's prohibition on Sexual Misconduct extends beyond students to cover misconduct by all members of the College community, including faculty and staff. Anyone who believes they have been a victim of or a witness to Sexual Misconduct—including improper conduct by visitors to College premises or vendors—should report this to the Vice President for Justice, Equity, Diversity, and Inclusion (JEDI) and Title IX Coordinator may also be reported to the Dean of Students or the Senior Director of Residence Life. Any person who receives a report of Sexual Misconduct should relay this report to the Vice President for JEDI and Title IX Coordinator.

"Quid pro quo harassment" should also be reported to the Title IX Coordinator. An example of quid pro quo harassment would be a promise to a student of a good grade in exchange for sexual favors.

If the Title IX Coordinator determines an allegation of a violation of the Code of Responsibility involves alleged Sexual Misconduct, that allegation will be subject to the procedures set forth in the Sexual Misconduct Policy.

R. Skateboards, Bikes, Motorized Scooters, and Other Wheeled Transportation Devices

1. Using skateboards, bicycles, mopeds, rollerblades, scooters, or other wheeled or similar transportation inside any building, in other unauthorized areas, or in a reckless manner, or in a manner which threatens physical safety of pedestrians or traffic
2. Using a motorized transportation device (such as a scooter) within five feet of any building or in a fashion which disrupts instruction or other functions of the College.
3. Failing to register a motorized transportation device through Campus Police.

S. Stalking

1. Engaging in repeated or persistent words or conduct, without consent and without a legitimate purpose, which constitute an unreasonable intrusion into the life, privacy, or affairs of a person on College premises, or who is a member of the College community, and are intended to or reasonably likely to cause mental or emotional distress or fear. Examples of conduct which may fit this definition if sufficiently persistent and/or severe include, without limitation, following, taping, photographing, surveillance, vandalism, and contact by mail, electronic device, or other means.
2. Engaging in conduct on College premises, or that is directed toward a member of the College community, which would constitute "harassment" or "stalking" under South Carolina law (currently at S.C. Code Ann. § 16-3-1700).
3. Stalking on the basis of sex is also prohibited under the Sexual Misconduct Policy and addressed under the procedures of that policy.

T. Stealing

1. Appropriating money or property belonging to another person, an organization, or the College.
2. Borrowing money or property belonging to another person, an organization, or the College without the knowledge and permission of the owner.

2. Violating the rules relating to the use of any College premises.
3. Lending any College key to another; College keys are non-transferable.
4. Using or possessing a College key without proper authorization.

THE GARNET BOOK

interferes with, or impedes the processes, functions, or mission of the College; (iii) where the conduct materially affects College property; or (iv) where the conduct materially affects a member of the College community.

Note: For this and all other elements of the Code of Responsibility which prohibit a violation of law, a guilty plea or conviction is not required for a finding of a violation of this Code. The College's disciplinary process is independent of the criminal process and may reach its own conclusion that a law was violated. Such a conclusion may be reached by a preponderance of evidence; proof beyond a reasonable doubt is not required.

X. Weapons, Firearms, Explosives

1. Possessing, using, or manufacturing firearms, dangerous chemicals, explosives, or other weapons of any kind on College premises. This includes, but is not limited to: guns, bb guns, paintball guns, potato guns, slingshots, archery equipment, ammunition, fireworks, swords, airsoft guns, machetes, and knives over six (6) inches.
2. Using a weapon or a facsimile of a weapon to threaten, intimidate, or frighten any person on College premises, or any member of the College community.

III. STUDENT CONDUCT PROCEDURES

A. Handling of Alleged Violation

1. **Reporting** All reports of alleged violations by students of the Code of Responsibility or other policies will be sent to the Senior Director of Residence Life in a timely manner. These reports may come from any student, or any member of the faculty, staff, or College community. The Senior Director will make an initial evaluation of the information in the report and assign each incident to a College conduct officer or perform the function of the conduct officer himself/herself.
2. **Title IX Compliance.** The Senior Director of Residence Life will consult with the Vice President for Justice, Equity, Diversity, and Inclusion (JEDI) and Title IX Coordinator with respect to any alleged violation which may constitute Sexual Misconduct (including sexual discrimination, harassment, and/or violence). If the Title IX Coordinator determines the charge involves Sexual Misconduct in whole or in part, those allegations involving Sexual Misconduct will be processed pursuant to the separate procedures in the Sexual Misconduct Procedures Policy. The Title IX Coordinator may determine a disciplinary proceeding should be processed under the Sexual Misconduct Procedures at any point. If the Title IX Coordinator determines that fairness and accuracy will be better served if the entire matter (and not just the allegations of Sexual Misconduct) is subject to the Sexual Misconduct Policy, the Title IX Coordinator may so direct.3. Failing to obey a notice pertaining to a student conduct or honor code proceeding.
3. **Notification of Student.** The Senior Director of Residence Life will notify a student accused of a violation (the "referred student") in writing of the nature of the alleged violation and the necessity to meet with a College conduct officer as outlined below.
4. **Interim Sanctions and Suspension.** The Dean of Students, Senior Director of Residence Life, or their designee may impose interim sanctions, up to and including suspension, prior to the beginning of the conduct process. The interim sanction/suspension may be imposed in cases where the alleged action of a student(s) or organization may pose a threat to the well-being of the College, any members of the College community, or the student himself/herself, or if there is substantial evidence that the continued presence of the student or operation of the organization on campus will disrupt the College. Following the imposition of an interim sanction/suspension, the opportunity for a conduct hearing as described below will be provided as expeditiously as possible.
5. **Standard of Proof.** The standard for determining a student's responsibility for policy violation will be a preponderance of the evidence. In other words, the determination shall be made on the basis of whether it is more likely than not the referred student violated the Student Code of Conduct.

THE GARNET BOOK

6. **No-Contact Directives.** The Dean of Students or their designee may also direct students involved in an alleged incident not to have contact with one another pending completion of the conduct process concerning that incident. Such a directive is not a sanction, but is designed to maintain civility and avoid escalating tensions.

B. Conference with a College Conduct Officer

Each referred student will attend a meeting with a College conduct officer to discuss the alleged violation.

1. The student and the conduct officer will review the information concerning the incident, and the student will have the opportunity to respond to the allegations. If the conduct officer determines during the conference the student did not violate policy, the case and any judicial charges will be dismissed.
2. If the conduct officer determines there is not enough information to determine whether the student violated policy, they will take appropriate steps to obtain additional information and will schedule a follow-up appointment with the student to continue the conference.
3. If the conduct officer determines there is some credible evidence a policy has been violated, the student may either accept responsibility for violating policy and the sanctions imposed by the conduct officer, or the student may request a Student Conduct Board hearing.

- a. **Accepting Responsibility and Sanctions** – The student may accept responsibility for violating policy, have the conduct officer impose disciplinary sanctions, and waive the right to a Conduct Board hearing. The student will be informed of the proposed sanctions before making this decision. If the student accepts responsibility and sanctions, the student may not appeal the outcome of the conference, and the case will be considered to be resolved.
- b. **Requesting a Student Conduct Board Hearing** – Any student who denies responsibility for violating policy or does not accept the sanctions proposed by the conduct officer may complete a form to request a Student Conduct Board hearing.
 - i) The student may request a "Sanctions-Only" hearing, indicating they accepts responsibility for violating policy and requests the Board impose sanctions.
 - ii) The student may request a "Full Hearing," indicating they does not accept responsibility and requests the Board determine responsibility and any sanctions.
 - a) If the Board finds the student responsible, the Board will also determine the appropriate sanctions;
 - b) If the Board finds the student not responsible, the case and any judicial charges will be dismissed.
 - iii) The student may request a "Sanctions-Only" hearing, indicating they accepts responsibility for violating policy and requests the Board impose sanctions.

C. Student Conduct Board Hearing Process

The following procedures will be followed in any case which results in a hearing before the Student Conduct Board. (As noted above, allegations of Sexual Misconduct are processed under separate procedures.) The College's conduct hearings and appeals are not legal proceedings; therefore, neither the student nor the College may have legal counsel present at the meeting, and rules of evidence and similar courtroom procedures do not apply. Moreover, the proceedings are not adversarial, and shall be conducted in a manner which preserves the educational tone of the proceedings.

THE GARNET BOOK

1. The referred student will receive written notice of the hearing at least 48 hours prior to the hearing. The notice will include:
 - a. A statement of the alleged charges of policy violation(s);
 - b. A summary of the information upon which the alleged violations are based;
 - c. Time, date, and place for the hearing;
 - d. A copy of these procedures.
2. If a charge involves more than one referred student, the Senior Director of Residence Life may determine whether the proceedings as to each student shall be conducted separately or jointly.
3. Hearings will normally be recorded for use during Board deliberations and any appeal. Any recording is the property of the College. At the conclusion of a case (that is, after the resolution of the final appeal or the expiration of the time to appeal), recordings will be discarded.
4. Hearings and deliberations are confidential, and participants should not discuss these matters, except as is reasonably necessary or desirable as part of the student conduct process, including training.
5. Hearings are closed except to the members of the Board hearing the case, the referred student, the student's adviser from the College community, and the person presenting the College's case. In cases involving alleged violence, threat of harm, or stalking, the victim(s) and their/their adviser(s) from the College community will also be allowed to be present during the entire hearing.
6. The referred student may invite a faculty, staff, or student member of the College community to attend the hearing as an adviser. The adviser's role is limited to communicating directly with the referred student, and the adviser may not directly participate in the hearing or ask questions of the student, witnesses, or Board members.
7. The referred student will appear before the Student Conduct Board for the hearing. If the student elects not to appear (including by withdrawing from the College), the Board will proceed and make its decision in the absence of the accused student with the information available to it.
8. Student Conduct Board members are interviewed, selected, and trained each year by the Senior Director of Residence Life and experienced Board members from prior years. The Student Conduct Board for the hearing of a particular matter will be selected by the Senior Director and will consist of two student members (voting), and on faculty/staff member (voting). The faculty/staff member will serve as the chairperson for the hearing. The chairperson oversees the hearing, maintaining order and making certain the process is followed. The chairperson shall interpret and apply these rules in the interests of truth, justice, order, and the College's overarching goals of education and character building. The voting members of the Board have the right to question any and all witnesses, will deliberate to determine responsibility (in "Full Hearings"), and will determine appropriate sanctions.
9. On behalf of the College, or at the request of the complainant, the facts, circumstances, and evidence will be presented by the Senior Director of Residence Life or their designee.
10. The College, Student Conduct Board members, and the referred student shall have the opportunity to present and examine statements, facts, and any relevant information regarding the case. The College and the referred student shall have the opportunity to present and question their own witnesses. The College and the referred student shall have the opportunity to present any questions for the witnesses to the chairperson of the Board in order to refute or respond to the testimony.
11. The student may present up to five (5) competent witnesses to give testimony related to the specific charges in a Full Hearing. In both a Full Hearing and a Sanctions-Only Hearing, the student may

THE GARNET BOOK

- present up to three (3) character witnesses to offer information concerning the referred student's character. Witnesses will be present only during the portion of the hearing in which they are providing information to the Board and should maintain confidentiality concerning the proceedings. The witnesses may appear in person before the Board to testify. Written or tape-recorded statements, rather than personal testimony by the witnesses, may be permitted at the chairperson's discretion when extenuating circumstances prevent the witness from appearing. Failure of a witness to be present at the time of the hearing, except in extenuating circumstances, will not be grounds to delay the hearing.
12. In cases where there are concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, accused student, and/or other witnesses during the hearing, the Board may provide separate facilities by using a visual screen, and/or by permitting participation by telephone, videophone, video conferences, videotape, audiotape, written statements, or other means, where and as determined by the Senior Director of Residence Life (their designee) or by the Board to be appropriate. The chairperson may also direct some or all witnesses be questioned only by the Board, and not directly by interested parties; in that case, interested parties may suggest questions to the chairperson for such witnesses, but the chairperson shall have full discretion in deciding what questions to ask.
13. The referred student may decline to answer questions posed by the Board. However, the Board shall make its decision based on the information available at the hearing and may draw inferences from any refusal to respond.
14. In a "Full Hearing," after all information has been presented, the Student Conduct Board will go into closed deliberations to determine whether the student has violated the College policy which the student is charged with violating. The determination shall be made on the basis of whether it is more likely than not the referred student violated the policy. A consensus of the majority of the voting Board members shall be required to find the referred student to be in violation of College policy. Where feasible, the Chairperson will render the Board's decision orally to the referred student.
15. If the Student Conduct Board finds the student has violated the College policy (or if the Board is conducting a "Sanctions-Only Hearing"), the Board will consider information presented by the College to determine appropriate sanctions for the referred student's violation of policy. The referred student may then present their character witnesses. After all character witnesses have been heard, the Student Conduct Board will go into closed deliberations to determine appropriate sanctions for the referred student. A consensus of the majority of the voting Board members shall be required to impose the sanctions.
16. No record will be made of Board deliberations, and the Board will not issue a written decision, beyond reporting its results. The vote of individual Board members will not be reported.
17. The Senior Director of Residence Life shall be responsible for communicating the Board's decision in writing to the referred student. The decision shall include a statement of each policy found to have been violated and the sanctions imposed. In cases involving a victim of violence, the victim will also be notified of the outcome of the hearing.
18. Decisions of the Student Conduct Board may be appealed to the Student Conduct Appellate Panel following the process described below.

D. Appeals

1. **Appealing Student Conduct Board Hearing Decisions.** Students may appeal the outcome of Student Conduct Board hearings to the Student Conduct Appellate Panel, chaired by the Dean of Students or their designee, and consisting of two additional Student Conduct Board members not previously involved in the case appointed by the Dean of Students.
 - a. To initiate the appeals process, the student must submit a written request to the Dean of Students within 48 hours (not counting weekends or holidays) of the receipt of the decision of the Student Conduct Board.

THE GARNET BOOK

- b. An appeal must contain, in writing, detailed specification of all bases on which the student is appealing.
 - c. In order for an appeal to be reviewed by the Student Conduct Appellate Panel, the appeal must make some reasonable showing that at least one of the following criteria is present:
 - i. A substantive procedural error occurred which significantly affected the outcome of the hearing;
 - ii. There is new evidence, not available at the time of the hearing, which, if introduced, would significantly affect the outcome of the hearing;
 - iii. The sanction is significantly inconsistent with institutional guidelines and/or past practices;
 - iv. The totality of evidence presented at the hearing does not support the decision.
 - d. If the Dean of Students determines the appeal does not meet one of those criteria, the Dean of Students may dismiss the appeal. Otherwise, the Dean of Students will convene the Appellate Panel for a hearing to consider the appeal.
 - e. An appeal is not a rehearing, and the Appellate Panel will not, other than in exceptional circumstances as determined by the Panel, receive testimony. The Panel will base its decision on the record of the Student Conduct Board hearing.
 - f. The Appellate Panel will take one of the following four actions:
 - i. Affirm the decision of the Student Conduct Board;
 - ii. Uphold the finding of responsibility of the Student Conduct Board but make changes to the sanctions;
 - iii. Overturn the decision of the Student Conduct Board and find no violation;
 - iv. Remand the case to the Student Conduct Board for further appropriate proceedings (such as, for example, consideration of additional evidence).
 - g. All decisions not resulting in suspension or expulsion made by the Appellate Panel are final.
2. **Appealing Student Conduct Appellate Panel Decisions.** If the Appellate Panel imposes or upholds a sanction including suspension or expulsion, the referred student may appeal to the College President.
- a. To initiate the appeals process, the student must submit a written request to the College President within 48 hours (not counting weekends or holidays) of the receipt of the decision of the Appellate Panel.
 - b. An appeal must contain, in writing, detailed specification of all bases on which the student is appealing. In order for an appeal to be reviewed by the President, the appeal must make some reasonable showing that at least one of the following criteria is present:
 - i. A substantive procedural error occurred which significantly affected the outcome of the hearing.
 - ii. There is new evidence, not available at the time of the hearing, which, if introduced, would significantly affect the outcome of the hearing.

THE GARNET BOOK

- iii. The sanction is significantly inconsistent with institutional guidelines and/or past practices.
- iv. The totality of evidence presented at the hearing does not support the decision.
- c. If the President determines the appeal does not meet one of those criteria, the President may dismiss the appeal.
- d. Otherwise, the President will review the record of the case. The President will not normally receive testimony, but may elect to do so in their sole discretion.
- e. The President will take one of the following four actions:
 - i. Affirm the decision of the Appellate Panel;
 - ii. Uphold the finding of responsibility of the Appellate Panel but make changes to the sanctions;
 - iii. Overturn the decision of the Appellate Panel and find no violation;
 - iv. Remand the case to the Student Conduct Board for further appropriate proceedings (such as, for example, consideration of additional evidence).
- f. All decisions of the College President are final.

IV. COLLEGE SANCTIONS

I. Disciplinary Probation

Disciplinary probation is a specific period, up to one (1) year, of review and adjustment during which the student, student group, or student organization is under an official warning that his/ her/its violation was serious. While on disciplinary probation, a student or organization may face specific restrictions on their/its behavior and/or College privileges. Students or organizations involved in similar or additional disciplinary incidents while on probation will be referred to the Student Conduct Board, and violations occurring during the probationary period will probably result in more severe sanctions than those occurring outside probation.

J. Probated Suspension and Probated Deactivation

Probated suspension is notice to the student that further violation of the code will result in a recommendation for immediate suspension. Probated suspension remains in place as long as the student is enrolled. Probated deactivation is notice to the student group that further violation of the code will result in a recommendation for immediate deactivation. Probated deactivation remains in place for three (3) years from the date the sanction is given.

K. Eviction

Eviction is the loss of the privilege of living in College housing for a specific period of time, or permanently. Conditions for returning to College housing may be specified.

L. Suspension

Suspension is denial of enrollment, attendance, and other privileges at the College for a specified period of time. While under suspension, the student may not be on College premises or at any College-sponsored or College-authorized event without permission from the Senior Director of Residence Life or the Dean of Students. Permission to apply for readmission upon the termination of the period may be granted with or without conditions/restrictions.

M. Expulsion/Dismissal

Expulsion is dismissal of a student from the College without the ability to apply for re-enrollment. 3. Communication of violation to the group or organization’s sponsors.
4. Enforcement of sanctions imposed on the group or organization by its sponsor.
5. Deactivation which is loss of all privileges, including College recognition, for a specified time.

V. MEDICAL CARE AMNESTY POLICE FOR ALCOHOL AND CONTROLLED SUBSTANCES TREATMENT

A. Philosophy

Presbyterian College urges those who choose to consume alcohol to do so safely and responsibly, and within the limits set by applicable law and College rules and regulations. The college also discourages the misuse of prescription drugs and all controlled substances prohibited under federal, state, and local laws. Excessive drug and alcohol consumption can place students at risk, and the College seeks to encourage immediate medical treatment where such risk is present. The most important point to make here is that students who are in distress from drug and alcohol consumption should seek medical attention, and students who see others in distress should call for medical help. The College also urges students to obtain assistance when there is doubt about whether assistance is needed; it is better to make an unnecessary call for help than to “wait and see” when someone is in genuine distress. Student health and safety are always paramount concerns.

B. Purpose

In recognition of these concerns, students who require and receive medical attention for excessive consumption of drugs and alcohol, as well as students who obtain help for students in distress, will not be referred through the Code of Responsibility process with respect to violations concerning their possession or consumption of drugs and alcohol related to that episode, provided they comply with this policy. Please note that nothing in this policy precludes referral for other violations which may have occurred while under the influence of drugs and alcohol. Nor does the policy prevent an individual who is obligated by federal, state, or local law, or College rules, from reporting or taking action related to conduct otherwise subject to the policy.

C. Student Regulation and Policy

1. If any member(s) of the community and/or their guests is/are concerned with an individual’s health or safety as a consequence of drug and alcohol consumption, he or she should call the proper authorities to obtain medical attention. Appropriate first responses would typically include calling 911, Campus Police, or Residence Life staff.
2. A student who (i) needs and receives medical treatment for drug and alcohol consumption, or (ii) obtains assistance or treatment for any person in need of such treatment, will not face any charges for violations of the Code of Responsibility related solely to that student’s possession or consumption of drugs and alcohol in connection with that episode, provided the student in question (a) agrees to meet with the Senior Director of Residence Life or designee to discuss the situation; and (b) agrees with the Senior Director of Residence Life or the Senior Director’s designee on and then carries out an appropriate program of education or counseling designed to help the student avoid misuse of alcohol or other drugs in the future. Examples of educational activities which might be assigned include attending a drug and alcohol education course, meeting with a College Counselor, researching and writing a reflective essay, parental notification, or other activities designed to assist the student in making better decisions in the future.
3. If a student complies with this policy, that incident will not be recorded as a reported or confirmed violation of the Code of Responsibility. Instead, the information will be maintained by the Residence Life staff for reference purposes only. Bad faith or repeated invocations of this policy may lead to a determination that amnesty is not available.

VI. PRESBYTERIAN COLLEGE’S CIVILITY AND ANTI-BULLYING STATEMENT

A. Statement of Aims

Bullying and a lack of civility can foster a climate of fear and disrespect which seriously impairs physical

and psychological health and creates conditions that can negatively affect any living, learning, and/or working environment. Presbyterian College’s Mission Statement affirms: “the compelling purpose of Presbyterian College, as a church-related college, is to develop within the framework of Christian faith the mental, physical, moral, and spiritual capacities of each student in preparation for a lifetime of personal and vocational fulfillment and responsible contribution to our democratic society and the world community.” This guiding statement specifically calls upon our community “to help students attain a sense of dignity, self-worth, and appreciation of other persons of diverse backgrounds.”

In accordance with these core aims, Presbyterian College is issuing this statement to educate our College community about bullying and to promote civility and respect for everyone. The College’s conduct policies are designed to protect community members from any such behaviors, as defined below, taken against a community member, including those based on any federally protected class, including race, gender, sexual identity/orientation, ability/disability status, class, religion or culture, or based on affiliation with any College recognized group or organization. Such behaviors are antithetical to our community and can cause substantial harm. Accordingly, serious cases could give rise to severe penalties. The purpose of this statement is to establish clear expectations, and to emphasize the applicability of the College’s long-standing rules to the particular problem of bullying.

B. Definitions

1. Bullying is defined as the unwelcome acts of an individual or group of individuals which are intended to humiliate, harass, mentally or physically injure or intimidate, and/or control another individual or group of individuals; and which are sufficiently severe or pervasive to have a material impact on the ability of a member of the community to participate in the living, learning, and/ or working environment of Presbyterian College.
2. Such aggressive and hostile acts can occur as a single, severe incident or repeated incidents, and may be observed in the following forms, which are not exclusive:
 - a. **Physical Bullying** includes striking, pushing, shoving, kicking, and/or tripping another; assaulting or threatening a physical assault; or damaging a person’s work or living area, personal property, or work product.
 - b. **Verbal/Written Bullying** includes ridiculing, insulting or maligning a person, either verbally or in writing; addressing abusive, threatening, derogatory or offensive remarks to a person; and/or attempting to exploit an individual’s known intellectual or physical vulnerabilities.
 - c. **Nonverbal Bullying** includes directing objectively threatening or intimidating gestures toward a person or invading personal space after being asked to move or step away. Nonverbal bullying may also involve stalking, unconsented photography or recording of private acts, and/ or the disclosure of private facts or images of a person as to which the person has a reasonable expectation of privacy.
 - d. **Cyber Bullying** is defined as bullying an individual using electronic media or devices including, but not limited to, the internet, interactive and digital technologies, social media, and/or personal electronic devices. Cyber bullying may include verbal/written bullying and/or nonverbal bullying.

C. Academic Freedom, Free Speech, and Normal Social Interaction

Freedom of expression and thought are as essential for a thriving academic community as are the guiding principles of our mission statement that emphasize civil social conduct. As a community of imperfect human beings who learn, live, and work together, Presbyterian College must honor both goals. Honestly held and reasonable differences of opinion are protected at Presbyterian College, in and out of the classroom. Discussion of an academic subject, even when the ideas are controversial, is protected. Disagreements and criticism, even when strongly asserted, are not bullying if they are aimed at ideas and

actions, rather than at hurting or humiliating individuals. And while kindness and civility are virtues and aims of the College, not every unkind or uncivil remark or act is punishable. Social interactions sometimes result in hurt feelings. This is always unfortunate, but a social slight, criticism, or rebuff is not bullying unless it satisfies the definition above.

D. Reporting and Addressing Incidents

The College will address conduct of students, faculty, or staff who engage in bullying. All incidents of bullying should be immediately reported to a member of the Student Affairs Staff (Student incidents), the Faculty Advocate (Faculty incidents), and/or Human Resources (Faculty and Staff incidents). As in any case of emergency, immediately contact Presbyterian College Campus Police if you feel you are in danger.

Faculty and Personnel Handbooks: Employee behavior reported as bullying will be addressed under the appropriate handbook and policies as published by Human Resources

Garnet Book: Student behavior reported as bullying will be referred to Student Conduct for handling. Charges for bullying conduct and may include: Computer and Technology Misuse, Discrimination and Harassment, Disorderly Conduct and Disruption of College Activities, Harm to Person/Threat to Safety or Well-Being, and/or Stalking. These can be serious charges with sanctions up to and including Suspension or Expulsion as possible outcomes.

VII. PRESBYTERIAN COLLEGE'S ANTI-RACISM STATEMENT

A. Statement of Aims

Presbyterian College is a multicultural community of people from diverse racial and ethnic backgrounds. Each member of our community is valued, and each is responsible for behaving in ways that show respect for racial and ethnic differences. Bigotry directed at such differences will not go unchallenged, and no form of racial abuse, threat, intimidation, or violence will be tolerated. The College recognizes no right, individual or otherwise, to denigrate or favor another human being or group in a way which implicitly or explicitly demeans another group. Alcohol abuse, substance abuse, ignorance, or "just joking" are not excuses for racist behavior. Because each of us has chosen to be part of the PC community and uphold its values, we must commit to these principles and guard against racial misconduct. Doing so is consistent with the focus, goals, and mission of PC. It is in the context of these commitments that PC implements this Anti-Racism policy. Its purpose is twofold: first, to establish behavioral expectations around racial identity, and second, to provide an accountability structure for misconduct related to race.

B. Definitions and Examples

As we declare ourselves an institution opposed to racism, it is essential we be clear as to how we define and interpret the term.

1. Racism is the treatment of others differently on the basis of race or the expression (direct or implied) that one or more racial groups is superior to one or more other racial groups. Racism includes the celebration of cultures, subcultures, institutions, or states that were founded on and remain today associated with beliefs about the moral superiority or implied supremacy of one group of persons over another group of persons on the basis of race, ethnicity, and/or national origin.
2. Racism can occur as a single incident or repeated incidents, and may take the following forms, which are not exclusive:
 - a. Events, displays, or other acts or expressions using the cultural markers of a race or group in a way which can reasonably be understood as demeaning and which do not have legitimate educational, learning, or appreciation purposes;
 - b. Events or displays celebrating the Confederate States of America;

- c. Artwork, clothing, or other objects that fall into any of the above categories.

3. Actions that value or celebrate underrepresented or historically marginalized cultures do not constitute racism, provided such acts do not assert the superiority or supremacy of the culture being celebrated over others.

C. Academic Freedom and Free Speech

Presbyterian College is committed to freedom of expression and thought as essential elements of an academic community. The College is also committed to encouraging a stimulating and honest exchange of opinions. Freedom of expression and thought are as essential for a thriving academic community as are the guiding principles of our mission statement that emphasize civil social conduct. As a community of imperfect human beings who learn, live and work together, Presbyterian College must honor both goals.

Students need to learn to be comfortable with the discomfort of new ideas – including ideas they may find offensive. Honestly held and reasonable differences of opinion are protected at Presbyterian College, in and out of the classroom.

Discussion of an academic subject, even when the ideas are controversial, is protected. Disagreements and criticism, even when strongly asserted, are not bias incidents if they are aimed at ideas and actions, rather than at a person's characteristics. Nothing in the bias reporting process is intended to stifle academic freedom or the appropriate expression of (even controversial) ideas.

D. Reporting and Addressing Incidents of Racism

Racism is a type of bias, and any incidents of racism can be reported under the College's existing Bias Incident Report process. For the most current information on this process, which can be found from the "About" menu on the PC website by clicking on JEDI, then scrolling to the JEDI Resources section.

We encourage all members of our community to report any incident of bias, whether you are a complainant, bystander/witness, or a concerned member of the PC community. Bias incidents may be reported using the BIAS INCIDENT REPORT FORM (at the link above) or by contacting the Vice President for JEDI (Justice, Equity, Diversity, and Inclusion) and Title IX Coordinator, the Dean of Students, the Vice President for Human Resources and Title IX, and/or the Provost.

We encourage you to report any incidents which negatively impact our campus climate, especially those that are bias-related. We define bias as an intentional or unintentional display of hostility or bigotry in word or deed which a reasonable person would conclude is directed at a member of the PC community based on race, national origin, religion, citizenship, age, gender, sexual orientation, disability, or past or present service in the military.

Bias incidents can take on a variety of forms, including but not limited to discrimination, spoken or written hate speech or harassment, offensive visual representations, threats, vandalism, physical confrontation, and similar conduct or communications on or through social media.

The bias report form is not a substitute for a call to first responders. If you witness or experience any actual or threatened emergencies – such as violence, injured persons, a fire, or suspected crime, you should call 911 and/or contact Campus Police at 864-833-8911 immediately.

After a report is filed, it is reviewed by the Vice President for JEDI and Title IX Coordinator, the Vice President for Human Resources and Title IX, the Provost, and the Dean of Students. From there, it will be assigned to the appropriate college official for investigation. Student, faculty or staff behaviors which may violate the College's Sexual Misconduct Policy will be addressed through the procedures in that Policy. Faculty or staff behaviors that may violate academic or non-academic employment policies will be addressed in accordance with procedures in the appropriate employment handbook (located on the Human Resources

THE GARNET BOOK

webpage). Student behaviors which may violate the Student Code of Conduct will be addressed through the procedures outlined in the Garnet Book.

If you provide contact information on the Bias Incident Report Form, the college official assigned to investigate the incident will initiate contact with you within twenty-four hours of receipt of the report.

THE GARNET BOOK
RESIDENCE LIFE POLICIES

I. GENERAL PRINCIPLES

A. Purpose

The Residence Life Office provides a safe environment which supports the academic endeavors of our students. Within our community, students have the opportunity to learn and develop in an atmosphere which enhances social and educational opportunities on campus, as well as fosters community within the halls. Each living area has Resident Assistants (RAs) to support and assist students. The following policies and procedures are intended to preserve community and foster civility and an environment conducive to the educational mission of the College.

B. Responsibilities and Authority

The Student Code of Responsibility is the guiding principle for the Residence Life Policies. The Residence Life Office (RLO) Staff is a group of professionals responsible for oversight of the overall community hall/life program. The RLO staff provides guidance and supervision for the RAs, coordinates with Campus Services and other College officials regarding physical plant concerns within the community, and promotes a safe and conducive environment within the community to support the overall learning experience for students. Students should feel comfortable working with their RAs about most matters in their living area. The RLO staff should also be seen as a supportive resource for students. The RLO staff serves as hearing officers in the conduct process and adjudicates most infractions which occur within the residential buildings. The Resident Assistants are student paraprofessional staff selected through an intentional application and interview selection process each Spring. RAs serve several roles within a community hall. They build community among their residents, provide information about campus resources to their residents, serve on On-Call Duty rotation, enforce college policies, assist students with the move-in and move-out processes, and assist students with roommate conflicts. The goal is for residents to appreciate their RA as a person who is approachable and helpful to them, and one who helps maintain order and safety within a hall.

All students are encouraged to seek the assistance of the Residence Life Staff, and/or RA when they have questions about the College, have concerns with their living environment, are unable to resolve a conflict with their roommate or floor mate(s), or need someone to talk to about a personal concern

II. RESIDENCE LIFE STUDENT POLICIES AND PROCEDURES

Residence Life policies and procedures below are meant to provide for healthy and safe community living for all students. Students are expected to know the information and to abide by any rules established in these policies. Any person or group who violates the Residence Life policies is subject to the disciplinary processes set forth in the Code of Responsibility. Additional information can be found in the Presbyterian College Housing Contract.

A. Assignments

1. New Students: Room and roommate assignments are completed prior to Orientation for fall enrollees and in December for January enrollees.
2. Upperclassmen: Assignments are conducted through a spring semester housing selection process. Specific procedures for housing selection are provided via email and on the Residence Life website. Students are responsible for understanding the procedures and policies related to housing selection. Housing assignments made during the selection process may be changed by Residence Life, if needed, based on anticipated fall College enrollment or other necessary factors.
3. Temporary Assignments: In some cases, it becomes necessary to assign students to temporary housing until another space becomes available. Students who are assigned to a temporary assignment must be

aware they may be given short notice to relocate.

B. Building Safety

1. Do not open doors or windows for strangers
2. Report any suspicious persons to Campus Police (864.833.8911).
3. Students should keep their doors locked, whether they are inside or outside of their rooms.
4. Live trees are not allowed in any Residence Life facility.

C. Candles/Open Flames and Combustible Materials

Students are not permitted to use or store any open flames or combustible materials within a residential facility. This includes, but is not limited to, candles, candle warmers, wax melters that require using candle or hotplate, incense, and oil lamps. Open-flame devices will be confiscated, including all lighters except in units where a permitted grill is present or where the student has obtained permission from the Office of Residence Life to utilize a lighter for a specific purpose. Combustible materials including, but not limited to, lighter fluid, motor oil, fireworks, propane, and gasoline are prohibited inside all residential facilities.

D. Residence Life Meetings

1. Meetings scheduled by Residence Life staff for a floor, wing, or hall are mandatory at the discretion of the staff person involved.
2. Students must obtain prior approval to be absent from the mandatory meetings through their RAs.

E. Residence Life Room Keys

1. All students must attain their room key prior to moving into their assigned room. Only the student who is assigned to a specific room can receive a key.
2. Keys assigned to students are the property of the College and must be returned at the expiration or termination of the housing agreement.
3. In the event of a lockout during regular office hours (M-F, 8:30 a.m.-5 p.m.), students can come to the Residence Life Office to borrow a lock-out key and must return the borrowed key upon gaining access to their room. Failure to return the lock-out key within 48 hours will result in a lost key charge of \$130.
4. If a student is locked out after office hours or on the weekend, RAs are able to let students into their rooms. If a student cannot locate an RA, they may contact Campus Police. Responses to lock-outs by Campus Police may be subject to a fee. If a student requests assistance for a lock-out more than twice from an RA, the student may be subject to a fee for any further assistance.
5. Students must report lost keys to the Residence Life Office immediately. Students will be charged \$130 for replacement of door lock and keys.

F. Courtesy Hours and Quiet Hours

1. Courtesy hours are in effect 24 hours a day, 7 days a week.
2. Quiet hours are from midnight to 8 a.m. from Sunday evening to Friday morning. Quiet hours are from 2 a.m. to 8 a.m. on Saturday and Sunday mornings.
3. Community members are expected to be mindful of these hours and to adjust their behavior accordingly.

G. Display of Objects from Residence Halls

Flags, banners, signs, and other objects may not be displayed in, on, or from College residence halls and windows without prior approval from the Residence Life Office.

H. Electrical Appliances & Equipment

Sharing a residential community includes sharing the utility capabilities of that facility. Outlets and overall electrical capacity in all student-housing areas can easily be overloaded if misused. As a result, this policy requires students use caution and limit their use of electrical equipment in the residential buildings to minimize risk of harm to themselves and the community and to conserve energy. The following list is not an exhaustive list and additional limitations may be announced by the Residential Life Office. Appliances which cause a nuisance by consistently overloading the power supply to the room and tripping electrical breakers will be required to be removed.

1. All electrical items must be Underwriters Laboratory (UL) listed and in good operating condition.
2. Extension cords are not allowed. Use power strips for additional outlets.
3. Spread out appliances within a room or apartment to lessen the load on individual outlets. Do not overload outlets.
4. Micro-fridges, hair dryers, and other such appliances must be plugged directly into the wall outlet rather than a power strip.
5. Personal refrigerators are allowed but should be no more than 5.0 cubic feet.
6. Electrical equipment which are NOT allowed in residence hall rooms includes, but is not limited to: personal air conditioners, open coil burners (hot plates), griddles, grills, toasters, toaster ovens, air fryers, electric hamburger cookers (Foreman grills), halogen lamps, indoor/outdoor grills or hibachis, lava lamps, and any high heat appliance with an exposed heating element or that is capable of heating grease to the boiling point.
7. Holiday lights or other strings of lights may not be strung through suspended ceiling tiles or near fire suppression sprinkler heads, and must not come into contact with any wrapping paper, metallic foil, etc. Decorative lights must be turned off and unplugged when no one is in the room.
8. Lighting may not be plugged in and strung through windows and doors.
9. Do not alter or repair electrical equipment or fixtures that belong to the College.

I. Furniture

Students are not permitted to remove, transfer, alter, or store any College property provided in assigned rooms, such as desks, chairs, dressers, beds, or mattresses, or any furniture or items provided in common areas.

J. Grills

Personal grills may **only** be used by students living at the New Apartments, Townhouses, MSU House, and Fraternity Court during the fall and spring semesters of the academic year. Students in these facilities must abide by the following policies:

1. Only charcoal and wood-fired grills may be used. Grills that use propane or other flammable gas are not allowed on campus at any time.

2. The use of personal grills will be restricted to designated grilling areas which are at least 10 feet (three meters) from any building, overhang, trees, bushes, or other vegetation.
3. Do not leave lit grills unattended.
4. Grills must be extinguished immediately after use, and grills are not to be left out or allowed to cool over an extended period of time in the approved grilling areas.
5. Students must properly dispose of ash and used charcoal, as well as other grilling trash in the proper receptacles.

K. Guests & Visitation Policy

1. A Guest is defined as a person who is not a member of the PC community who is being hosted by a student. A visitor is another PC student or other member of the PC community.
2. Students may host overnight guests or visitors of any sex or gender; however, these guests MAY NOT stay for more than two consecutive evenings in any week and no more than three nights total during any two week period without written permission from the Residence Life Office, additionally the residents of a room or unit should decide in advance whether overnight guests in general will be permitted in the space; both/all must agree if they plan to allow overnight guests during their time living together.
3. Each resident in any Residence Life facility may only have two guests or visitors at any given time.
4. The following regulations are effective for all residence halls' visitation periods:
 - a. All guests must enter and leave through the exterior door(s). Entry and exit through windows (except in the case of an emergency) is prohibited.
 - b. The host must be a resident of the hall/room being visited.
 - c. Residence hall main lobbies are open for all students of any genders during non-quiet hours.
 - d. Students may not sleep in lobbies or common areas at any time.
 - e. In the event violations of the Visitation Policy occur frequently on any floor or in an entire residential facility, the visitation privileges of that area may be revoked by the Residence Life Office.
 - f. Both individuals involved in a visitation violation may be sanctioned.
 - g. Guests not staying overnight and visitors are generally expected to depart from the resident's room during designated Quiet Hours.
 - h. A roommate's right to privacy supersedes a student's right to have guests enter their assigned room.
 - i. The College retains the authority to revoke visitation privileges at any time.

L. Hall Closings

1. Residential facilities are closed for winter break and periods between academic terms.

2. Spring Term Closing:

N. Inspection/Search of Rooms

Room inspection/searches may occur under the following conditions:

1. When there is a reasonable suspicion that an occupant may be physically harmed or endangered
2. When there is a reasonable suspicion that College regulations or state/federal laws are being violated

Determinations of what constitutes reasonable suspicion may be made by the President of the College, the Dean of Students, the Senior Director of Residence Life, or a member of the Student Affairs on-call staff.

O. Lofted Beds

Students may not build or install lofted beds in any residential facility, however they may utilize bed risers no taller than two feet subject to Residence Life and Campus Services approval.

THE GARNET BOOK

- Each student is required to check in with a member of the Residence Life staff and must sign a Room Condition Report upon move in, acknowledging the condition of the room.
- For move-out, students may take the opportunity to sign up for an in-person check out with a member of the Residence Life staff. If students do not sign up for an in-person check out, they waive the right to appeal any end of semester damage fines.

- Community members are responsible for removing all trash on a regular basis from their rooms and disposing it properly in the outside trash bins.
- Community members are also responsible for keeping their halls and stairwells, other common areas, and surrounding grounds, and parking lots free of trash and other items.

THE GARNET BOOK

- Excessive trash in or around residential facilities will be treated as common area vandalism.
- When damage occurs in the hallway or some other public area and no one claims responsibility for the damage, the Residence Life Office bills the charge for repair, replacement, and/or cleaning to residents of the entire residence hall, floor/community, house or apartment as common community damages. The total cost is split among the number of residents and is added to individual room damages in the regular billing process. The College bases this policy on two understandings:
 - Residents of a floor, house, or residence hall make up a community and, as such, have certain responsibilities to that community, such as keeping the community free from damages;
 - The possibility of incurring a common damage charge encourages residents to hold one another responsible for behavior.

V. Room Changes

- No room changes are allowed during the first two or last two weeks of each semester. Room changes are scheduled two (2) weeks into each semester.
- Students must obtain written permission from the Residence Life Office prior to moving to another room.

W. Roommate Conflicts/Disagreements

- Community members are expected to attempt to work through conflicts with their roommates on their own.
- If the conflict cannot be resolved between roommates, community members are expected to report the issue to their RA for assistance as soon as possible.
- If the RA is unable to assist in the resolution of the conflict, the Residence Life professional staff should be notified so they can assist in the process.
- Students may be referred to other resources, such as counseling services, to assist them in resolving roommate conflicts.
- If no resolution is accomplished, Residence Life staff will provide possible alternative campus accommodations and will assist with voluntary reassignment of a student who wishes to move. Alternative accommodations may be limited based on housing occupancy at the time of the conflict.

X. Solicitation Policy

The College has a no solicitation policy.

Y. Storage of Personal Property

- Students may not leave any personal items in any college property between official spring term closing and fall term opening.
- The College is not responsible for the disposal of any personal items left behind in College properties after official closing of a term. Any personal property found in a residential facility after students have moved out at the end of spring term closing will be considered abandoned and will be discarded or donated at the Residential Life staff's discretion, with the cost of removal billed to the student.

STUDENT ORGANIZATION POLICIES

I. GENERAL PRINCIPLES

ADDITIONAL COLLEGE POLICIES

I. ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

Although Presbyterian College does not have a special program for students with disabilities, the College makes every reasonable effort to accommodate students with disabilities and to assist them in obtaining an education. All students must take the required courses for a B.A. or B.S. degree.

The Accessible Education Coordinator, housed in the Justice, Equity, Diversity, and Inclusion Division, oversees the accommodations review process for academic, housing, dietary, and temporary medical conditions or illnesses. Students interested in requesting accommodations of any type are expected to self-disclose by completing the Accommodations Intake Form and providing appropriate supporting documentation. Additional information can be obtained on the JEDI website or by contacting the Accessible Education Coordinator at 864-833-8322 or accommodations@presby.edu

II. CLASS ATTENDANCE POLICIES

Each academic department will set and administer its own absence policy; therefore, students should read carefully the absence policy as described in each professor's course syllabus. Students whose absences exceed the number allowed may be dropped from the class with a grade of "F." When an absence is unavoidable, students should notify their professors, in advance when possible, by telephone or email to make them aware of their absence and to coordinate any missed work. Students should be prepared to offer medical or other documentation to substantiate the need for their absence.

Students may contact the Counseling & Wellness Office, the Provost's Office, or the Student Affairs' Office to report an illness or other emergency requiring the student to miss class. Representatives from either department will, if requested, communicate this information to the student's professors, advisor, and other appropriate parties.

While representatives from the Counseling & Wellness Office, the Provost's Office, or the Student Affairs' Office may communicate this information to professors, it is the student's responsibility to coordinate any make-up requirements with each professor. Further, students should be aware each academic department sets and administers its own absence policy; therefore, students should read carefully the absence policy as described in each professor's course syllabus. Absences due to illness or other emergencies usually will not result in a waiver of absence policies.

Questions about continuing in a course and/or documentation needed to verify illness or other emergencies should be directed to each professor.

parent(s) or guardian(s).

Students are allowed access to their official records to ensure the information contained therein is not inaccurate, misleading, or otherwise in violation of their rights or privacy. A student who wishes to review their record will make a request directly to the Registrar for academic records or to the Provost or Accessible Education Coordinator for records pertaining to academic accommodations or to the Provost for Honor Code violations. Such requests should be made 24 hours in advance to the respective official.

Access to confidential student records is the responsibility of the officers of the College, or their designee, as specified below:

Academic Records (active/inactive)	Provost
Career Program Records	Provost
Admissions Records	VP for Enrollment Management
Financial Aid Records	VP for Enrollment Management
Academic Accommodations Records	VP for Justice, Equity, Diversity, and Inclusion
Health Records	VP for Justice, Equity, Diversity, and Inclusion
Disciplinary Records	Dean of Students
Public Safety Records	VP for Finance and Administration
Financial Records	VP for Finance and Administration

1. The officers or their designee responsible for confidential student records shall maintain a record kept with the confidential record of each student, which will indicate all individuals (other than parents or guardians of a dependent student or others specifically authorized by the student), agencies, or organizations outside Presbyterian College which have requested or obtained access to the student's record. The record will indicate specifically the legitimate interest each such person, agency, or organization has in obtaining this information. Such record of access shall be available only to the subject student and College officials who are responsible for the custody of such records. Records are typically kept for seven (7) years following a student's graduation.
2. Student Access to Records: A student who wishes to review their student record will make a request directly to the person in charge of the office in which the record is maintained. A time for the review which is satisfactory to both parties will be announced by the person in charge of the file. If, during the review of the record, the student finds information or data they believe is inaccurate, misleading, or otherwise inappropriate, they should bring it to the attention of the person in charge of the office and request the desired correction. If the matter cannot be resolved between the student and the person responsible for the maintenance of the record, the student will submit a written request to the President of the College for a hearing on the disputed information. The request will contain sufficient justification to support a charge that erroneous or improper information is contained in the file. The President will appoint three members from the staff and faculty to act as a special committee to review the challenged information and forward to the President their findings and recommendations. Upon review of the committee's report, the President will advise the complainant of the action he has taken regarding the complaint.
3. It is the policy of the College that students may obtain non-notarized, machine duplicated copies of College documents contained in the official student records at no cost. Students who have outstanding financial obligations to the College cannot receive documents until all accounts are paid in full.

IV. MARKETING AND FUNDRAISING POLICY

VIII. COLLEGE ALCOHOL POLICY

Overview

Members of the campus community and visitors at Presbyterian College are expected to comply with South Carolina State Law and exercise responsible behavior when consuming alcoholic beverages on campus.

In accordance with South Carolina State Law, the College does not permit persons under the age of 21 to purchase, possess, consume, or be served alcohol. Prior to being served, the age of persons consuming alcohol must be verified by AVI (hereafter referred to as "PC Dining") servers, Campus Police, or contracted professional events management personnel.

PC Dining is the College's exclusive food and beverage service provider (including alcoholic beverages) on campus, and alcohol service is subject to PC Dining's beer and wine license. PC Dining is not licensed to serve or sell liquor.

Campus Police officers or additional contracted security personnel may be required at any event where alcohol is served. Officer coverage is determined in consultation with the Director of Campus Police and Public Safety and is based on the size and nature of the event in relation to other events occurring on campus simultaneously. Officers scheduled for events have the authority to call in additional staffing at the expense of the department or organization hosting the event if crowd size or College security needs necessitate.

Service may be suspended to any person who, in the judgment of the PC Dining server or the College Police, is at risk for over-consumption. Persons may not leave an approved service area with alcoholic beverages, and no alcoholic beverages may be brought into an approved service area during the scheduled event.

THE GARNET BOOK

Sponsored Events Where Alcohol is Served

Non-alcoholic beverages and food must be available for the duration of the event when alcohol is served. The cost of food and non-alcoholic beverages is the responsibility of the sponsoring department or organization.

Alcohol may not be served before 4:00 p.m. Monday through Friday or 12:00 p.m. on Saturday or Sunday. Service will cease one-half hour before the end of the event or closing. Alcohol may not be consumed until the event coordinator and security personnel (when required) are present and the non-alcoholic beverage and food are readily accessible to those in attendance.

All event sponsors are cautioned that the condition of the facility/area used is their sole responsibility. Sponsors will be assessed the cost of cleaning and/or repairing all damages which occur during the event unless the responsible person(s) can be identified.

Changes to service hours must be requested in writing and approved by the Vice President for Finance and Administration, Director of Campus Police and Public Safety, the Dean of Students (if students are attending the event) and Vice President of the area requesting the waiver.

Events which permit participants to bring their own beverages require approval in writing by PC Dining, the Dean of Students, and the Director of Campus Police and Public Safety.

Policy Compliance

Failure to comply with these or any other Presbyterian College regulations or policies may result in event cancellation or termination. Additionally, College disciplinary action may be initiated in accordance with the procedures outlined in the Student Code of Responsibility (students) or the appropriate Faculty or Personnel Handbook (faculty/staff). Disciplinary action imposed by the College is separate and may be in addition to any violations noted by law enforcement authorities and reviewed by the legal system.

Review

The College Alcohol Policy is reviewed biannually. The next review will occur in June 2026.
