Participation Approval Form

Presbyterian College seeks to admit students who provide evidence of intellectual performance, good character, and potential which will permit them to profit from programs of the academic rigor of those offered by Presbyterian. The college recognizes that learning opportunities are enhanced by a secure environment. As part of the Admissions process, we require applicants to respond to the following questions. Information provided in response to these questions needs to be reviewed, but rarely results in denial of admission.

Have you ever been expelled, suspended, disciplined, or placed on probation by any secondary school or college you have attended because of; academic dishonesty, financial impropriety, or an offense that harmed or had the potential to harm others? *

Have you ever been convicted of a criminal offense (including guilty or no contest pleas and juvenile court proceedings) other than minor traffic violations or are there criminal charges pending against you at this time? *

If you answer yes to either of these questions, please explain in an attached letter. If circumstances arise in the future (until the time you begin attending classes) that make your answers to the above questions inaccurate, misleading, or incomplete, you must provide the Office of International Programs with updated information.

If you have or will receive Bachelor's degree or higher (or equivalent), or have attended other colleges or universities, please enter the last school attended below and provide degree and graduation information. If you have not attended a College or University, enter the name of your high school.

By signing your name here, you authorize Presbyterian College's Office of International Programs (OIP) to have access to information regarding your academic, social, and financial standing. You also authorize the OIP to share any pertinent information with directors and staff overseas as needed. The existence of a disciplinary record does not preclude admission, but will be considered in the overall evaluation of the application. *
