Catalog Year 2020-21: Students are subject to requirements applicable at the time major is declared.

Students entering a dual-degree program should be aware of stipulations from other institutions regarding transfer work, i.e., most institutions do not accept grades of "D" and some may not accept all of Presbyterian College's general education requirements. Students participating in this program will be expected to complete all Presbyterian College General Education Requirements while in residence at PC. After earning a minimum of 92 semester hours at PC, students enter an engineering program at Auburn University, Clemson University, Georgia Institute of Technology, University of South Carolina, or Vanderbilt University, and in two years earn a PC degree and an engineering degree from Auburn, Clemson, Georgia Tech, USC, or Vanderbilt.
